For 45 years, Hot Spring® Spas has been committed to providing *The Absolute Best Hot Tub Ownership Experience®*. Designed for those who expect the very best, the all-new Highlife Collection delivers on that promise more than ever before.

With a Highlife Collection hot tub from Hot Spring Spas, every day is a chance to start fresh, inspiring you to do more, experience more, and live more.

Unleash Your Best Self™

EXCEPTIONALLY DESIGNED. GENEROUSLY APPOINTED.

The Highlife® Collection raises the bar for what a hot tub can be. Reimagined from the ground up, these spas lead the way with exclusive innovations that deliver legendary massage, easy water care, and leading energy efficiency.

FRESHWATER® SALT SYSTEM READY

It's the simple way to keep your water clean, soft and natural feeling without harsh odors, itchy skin, or irritated eyes. Spend more time enjoying your spa and less time maintaining it.

MOTO-MASSAGE® DX JET

Patented moving jets provide two powerful water streams that sweep up and down your back for a massage like no other.

100% NO-BYPASS FILTRATION

All the water is filtered all the time, even when the jets are running. Exclusive high-flow Tri-X® filters are the key to helping keep water crystal clear.

LEADING ENERGY EFFICIENCY

Multiple layers of the same urethane foam used in commercial freezers locks in heat. With the comprehensive Energy Smart® system of innovations, these are our most energy-efficient hot tubs.

POLYMER SUBSTRUCTURE AND BASE PAN

Built for durability and long life with a structure that will never rust or rot.

STRIKINGLY BEAUTIFUL

Bold, yet elegant. Fresh, yet timeless. Graceful, yet powerful. The Highlife® Collection redefines how a hot tub looks. Elegantly contoured corners reveal accent lights that beckon you closer. Stainless steel and brushed metal finishes add richness and refinement. Clean lines, rich finishes and durable materials all work together in harmony to create a unique look that both inspires and endures.

LEGENDARY MASSAGE

Over the decades, Hot Spring® Spas perfected the warm water massage. The all-new Highlife® Collection is now even better with a distinctive experience that is precise and personalized.

Newly sculpted seats are shaped to better fit your body's natural contours and relieve pressure. Jets were added and thoughtfully arranged for a more complete and targeted full-body massage. Control valves are easier to reach to dial in that personalized massage. Step into a Highlife Collection spa and emerge feeling better physically, mentally, and emotionally.
